COVERCRAFT

Covercraft Pg. 6, 12

Custom Car Covers For Mustang, Challenger and 2010 Camaro

Covercraft has introduced custom covers for new Camaros, Challengers and Mustangs that literally fit like a glove! A closer fit means the cover gently caresses the vehicle's body with a tailored fit. The cover is a tailored suit and will only fit that make, model and year. A custom cover will not move around as much in the wind as a universal type cover. Due to body shape, not all vehicles require mirror pockets, but newer models include this custom cover feature for a closer fit.

MOROSO

Chevy Oil Filter Adapter
MOR23691 $97.99 Each

Adapter mounts in the spin-on oil filter pocket on OEM and aftermarket small and Mark IV big block Chevrolet engines to enable plumbing of a remote oil filter in a wet sump system. There is no need for a bypass eliminator. Black anodized, billet aluminum adapter has -10AN in and out ports and is specifically designed to work with "flat-sided" rear sump pans such as Moroso 20408, 21049 and 20383.

Universal Dipstick Kit
MOR25973 $47.99 Kit

Twist-lock dipstick eliminates oil leakage and will not blow out under power. Nylon handle dissipates heat so oil can be checked on hot engines. The stick is flexible and the bendable outer tube is zinc plated. Overall length is 24".

Coolant Expansion Tank With Overflow
MOR63782 $234.99 Each

A bolt-in replacement for stock plastic tank on 2005 - Up Mustang, this aluminum tank has a unique, built-in one pint overflow and can withstand high underhood heat. Overflow allows tank to meet NHRA and SCCA safety requirements. Neck accepts MOR63316 or comparable radiator caps.

Perm-Align Transmission Gaskets

Rubber (40 durometer) is vulcanized to a metal framework resulting in transmission gaskets that will stay in place and not be sucked in or blown out. Gaskets require no sealant and are a full 3/16" thick.

Magnetic Tip Drain Plug
MOR97001 $7.99 Each

Clear zinc coated plug has 3/4" hex head and 1/2"-20 threads and is magnetized to capture metallic particles in the oil. A nylon washer is included.

HOWE RACING ENTERPRISES

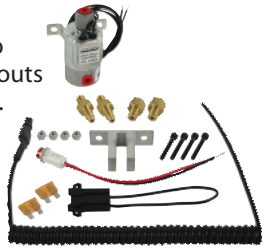
Standard Steel Birdcage
HOW31999 $199.99 Each

Engineered for dirt modifieds, birdcage is the only steel unit currently available with inner bearings. Available Hi-Travel mount offers bind free shock attachment.

Lock Down Steel Birdcage
HOW31992 $409.99 Each

Lock Down style offers the most choices with provisions that allow locking shock mount and bird cage, or just the shock mount. Uses same shock mounts as standard Birdcage.

Anti-Roll Kit For 2005-Up Mustang
MOR44054 $309.99 Kit



Bolt-in Anti-Roll kit needs no cutting or splicing of brake line. Use in drag racing to keep the front wheels locked during burnouts and to keep from rolling out when staged. Kit includes two solenoids, a heavy duty push button switch, bracket, coiled wire, rebuildable line lock valve, fuse holder and indicator light. Will not interfere with ABS when activated.

Ultra 40 Race Wire

Ultra 40 Race Wire is the ultimate plug wire for any application. It offers optimized EMI/RFI resistance and is 8.5mm in diameter with 40 ohms of resistance per foot for maximum energy transfer. Highly engineered conductor is spiral wound.

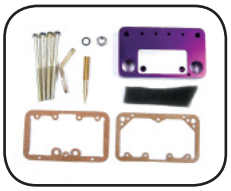
WheelRite

PYS01201 $74.99 Each

Designed for professional tire and wheel installers, speed shops, chassis shops, etc., Wheel Rite helps determine the perfect tire/wheel combination for virtually any vehicle. Unit precisely simulates bolt pattern, wheel diameter, wheel width, back spacing and tire profile. Compatible with 15"-30" wheel diameters using 4- or 5-lug bolt pattern.

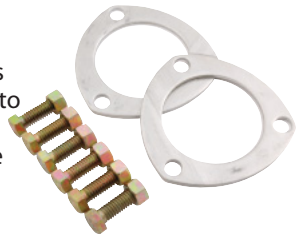
Adjust-A-Jet Metering Block



PYS15001 $79.99 Kit

Perform fuel metering changes without fuel bowl removal. Designed specifically for Street/Strip Gas model 2300/3310/4150/4160/4150HP Holley carburetors, Adjust-A-Jet installs between the metering block and the fuel bowl. Special needle valve ranges from jet sizes 0 to over 100 for gasoline applications. Includes hardware and instructions. Fuel line must be extended for proper installation.

Seal-4-Good Gaskets



Seal-4-Good exhaust header gaskets include innovative materials designed to put an end to performance inhibiting exhaust leaks. Seal-4-Good gaskets are constructed from dead soft aluminum and will not blow out or burn out.

Roll-Stop Kit
TCI861700 $91.99 Each

Black anodized and water-proof, the 6061-T6 aluminum Roll Stop kit is built for racing. Solenoid valve can withstand 3000 PSI and draws only one amp of current. Filter is removable for easy servicing.

GM Dowel Pins
TCI930055 $14.29 Pair

Extra long, 2" dowel pins are black oxide coated, perfect for applications using mid-mount motor plate.

SFI-Approved Flexplate
TCI399273 $77.99 Each

SFI-approved flexplate for Chevrolet is an SFI 29.1 spec. flexplate and required for applications quicker than 9.99 E.T.

Electric Brake Shut-Off
TCI861200 $79.99 Each

Designed for dirt track racing, electric brake shut-off allows driver to block fluid flow to the right front brake caliper, improving corner entry. Compact, billet aluminum unit is compatible with all hydraulic brake systems and installs easily, mounting directly into the brake line between the master cylinder and caliper. Solenoid handles up to 3,000 PSI and uses a waterproof seal.

SFI-Approved Flexplate
TCI399873 $112.99 Each

SFI-approved 168-tooth flexplate external balanced 454/502 HO ('91-98)1-piece, rear seal for Chevrolet meets SFI 29.1 spec. and are required for applications quicker than 9.99 E.T. Dual bolt pattern.

PRO-X GM Powerglide Overflow Canister
TCI528206 $145.99 Each

Lightweight aluminum canister contains high RPM fluid blow-by, common to popular racing automatic transmissions, preventing fluid spillage. Compact, black powder coated unit mounts directly to transmission, while providing sufficient ground and header clearance. Includes stainless line and fittings to connect unit to the transmission vent.

EXCel Ring And Pinion Sets

'95-08 Dodge Charger Brake-Control Packages
SLPD25000 $169.99 Each

Kits are custom-fitted to the Charger/300C/Challenger 5.7/6.1L Hemi chassis (no tweaking or fabrication required) and is fully compatible with the factory anti-lock braking and traction-control systems. Includes a waterproof electrical solenoid, an activation switch, plug-in wires, CNC-bent steel lines with correct OE fittings, mounting hardware, and detailed installation instructions.

'05-08 Dodge Charger Harmonic Balancer/Underdrive Pulley
SLP100235 $219.99 Each

Kits fits the Charger/300C/Challenger 5.7/6.1L Hemi and makes up to 9 rear wheel horsepower and 10 lbs. ft of rear wheel torque over the stock crankshaft pulley. Pulley features a pair of extra tall belt retention walls that eliminate belt slippage issues, 100% steel construction, integral timing marks and built-in puller mounting threads.

Callies PERFORMANCE PRODUCTS INC.

Unique counterweight and rod arm contours produce a lightweight, aero-efficient crankshaft. Many BBC crankshafts are counterweighted to offset simple balance forces detected at main bearings 1 and 5 by today's precision balancers. Callies Series II Magnum Mass Correct counterweights have been placed specifically to reduce bearing loads. By concentrating mass at the point of imbalance, the transfer of rotating and reciprocating assembly weight loads to non-adjacent main journals is limited. Lighter overall weight is an added benefit of Mass Correct counter weighting, resulting in improved throttle response.

POWER WINDOW SYSTEMS AND ACCESSORIES

4-Channel Power Driver Keyless Entry with External Antenna

ELE99900 $72.99 Each

Kit includes internal relays, and can be used to directly power window motors, linear actuators and any other small motors with up to a 10 amp draw. External antenna provides signal for up to 600 feet away and shields against motor noise that can interfere with signal. Includes two 4-button remote transmitters, color coded wiring harness and instructions with color wiring diagram.

12-Channel Keyless Entry

ELE99925 $99.99 Each

State of the art remote control has 12 programmable channels to run windows up and down, open close truck, pop the doors, etc. all from a single 5-button hand held transmitter.

Stand Alone Remote Engine Starter System with Keyless Entry

ELE95600 $99.99 Each

Transmitter can start vehicle up to 600 feet away and features: two 5-button remotes, built-in parking light relay, plug-in override switch, door locking/unlocking with (+/-) outputs, passenger unlock output, true RPM sensing, Smart Engine run sensing, programmable cold start timer, factory transponder bypass, starter disable output, factory disarm rearm outputs, two ignition relay outputs, stop and go mode, selectable engine run time and programmable turbo timer. Works with gas or diesel mode with glow plug input. Must use ELE95937 Bypass Module with any vehicle equipped with O.E. security system (chip in key).

Bypass Module

ELE95937 $39.99 Each

Unit is used in any new vehicle with an ignition security system (chip in key). Requires an extra key.
